

2012 Board of Directors Election

Property Owner Candidate Position Statements

Christine Bobolia: (none submitted)

Ken Laudon: I am seeking to become a member of the BID Board of Directors in order to strengthen the efforts of tenants, business owners, and property owners in the Peekskill Downtown and the Peekskill Artist District. Since 1995 I have been involved in renovating several buildings in the downtown area on Division Street, most recently, the building at 15 North Division Street. The District has changed a great deal in the last fifteen years, becoming a center for artists as well as entertainment providers. Street life has changed dramatically. In years past Division Street had few people on the street, day or night. Today, during the day and evening, the streets are busy with patrons, tenants, suppliers, and contractors. I would like to encourage these positive trends.

I believe that by working together we can continue to create an environment where tenants, businesses, and property owners can prosper and enjoy the benefits of downtown Peekskill. Let's keep the momentum going in downtown Peekskill.

Ken Laudon is Professor of Information Systems at NYU's Stern School of Business (retired). He is the author of many books and articles on information systems and society, and co-author of leading college textbooks in the fields of e-commerce and management information systems. Azimuth Interactive Inc. is a multimedia company that creates and produces interactive learning packages for college publishers, performs book production, and creates textbook supplements.

** There was no candidate for the third open property owner board position.*
